This C jazz minor scale should be learned by thinking the notes i.e. C,D,Eb... or by thinking the degrees C=1,D=2, etc., Do not just memorize a fingering pattern. After you have mastered the C jazz minor in every position. You should learn this scale form in all keys. Use Cycle 5 to move through the keys i.e. C then F, Bb, Eb, Ab, Db, Gb, B, E, A, D, G. Remember always think the notes or the degrees. Good Luck!

* Jazz minor is a melodic minor scale ascending
